Northeast Community College is a member of the National Association of Colleges and Employers and complies with the “Principles for Professional Conduct for Career Services and Employment Professionals” adopted by the Association.
Mission
Northeast Community College provides comprehensive, lifelong, learning-centered educational opportunities and services to meet the diverse needs of our public.

Vision Statement
In our vision of education in the 21st century, we see a network of Communities of Learning:
- Composed of lifelong learners,
- Offering comprehensive and interactive educational programs and services,
- Delivered by a quality faculty and staff, and
- Supported by effective services.

Accreditation
Northeast Community College is accredited by the Higher Learning Commission of North Central Association to award two-year Associate of Arts, Associate of Science, Associate of Applied Science, and Associate in Nursing degrees; one-year diplomas; and certificates. This regional accrediting body is located at 30 North LaSalle Street, Suite 2400, Chicago, IL, 60602-2504. The office can be contacted by calling (800) 621-7440 or (312) 263-0456. The College is also approved by the Nebraska State Department of Education.

Board of Governors
District I
Don Oelslgie, Tilden
Shirley Petsche, Petersburg

Keith E. Harvey, Creighton
Larry W. Poessnecker, Atkinson

Arlan Kuehn, South Sioux City
Steve Anderson, Concord

District IV
Terry F. Nelson, West Point
Gene L. Willers, Pilger

District V
Peg Niewohner, Norfolk
Dirk Petersen, Norfolk

At Large
John W. Davies, Pilger

Service Area
Northeast Community College’s service area consists of 20 counties in northeast Nebraska with a total population of approximately 162,500. The district is nearly 200 miles in length and covers approximately 14,400 square miles. The main campus is located in Norfolk, Nebraska, which has a population of approximately 23,500. Northeast has Education Centers located in O’Neill, South Sioux City, and West Point.

MESSAGE FROM THE PRESIDENT
Many opportunities await new college graduates in our global economy. Whether it is right here at home or a half a world away, Northeast Community College prepares our graduates to find employment in their field of study. The 2012 Graduate Employment Report shows us that we are achieving that mission.

Our yearly Graduate Employment Report, prepared by Director of Career Services Terri Heggemeyer and her Assistant Amy Koehler, is the same thing as an annual report that a business distributes to its clients, showing its financial success over the previous year. Our product is what happens to our students, and this year’s report clearly shows our success.

For example, our 2012 Graduate Employment Report reflects that 99 percent of our graduates reported they are either working or continuing their education. The data shows that of the Northeast students who went into the workforce, 87 percent are working in their field of study. That is up from 82 percent last year. And it goes on to show that of those graduates, six out of ten have jobs, which are located in our 20-county service area.

In this report, you will be able to see where our graduates are employed in each of our programs or concentrations of study or if they are continuing their education. Of the 38 percent of our graduates continuing their education, nine out of ten are at our Nebraska institutions.

A new endeavor we are undertaking at Northeast Community College will strengthen rural revitalization in our 20 county area. The Northeast Community College Center for Enterprise will become the foremost training solution that will provide optimum training opportunities that are tailored to meet the needs of the employer in technical skill development, improving basic workplace productivity, as well as understanding and deploying the great Midwest work ethic.

In closing, please know that without a doubt a college degree will give a Northeast graduate a leading and decisive edge when they are seeking employment. The 2012 Northeast Community College Graduate Employment Report clearly illustrates that our graduates are successful, are largely staying in our service area, and are becoming great citizens in the more than 100 communities we serve in Northeast Nebraska.

Michael R. Chipps, Ph.D.
President
CAREER SERVICES MISSION:
The mission of Career Services at Northeast Community College is to provide services and resources to help Northeast students and alumni make good career and employment decisions for the mutual benefit of students, alumni, and employers.

At Northeast, our tagline is “We’re Northeast. Success Starts Here.” This report captures the achievements and successes of 98 percent of the 2011-2012 graduating class. It accurately reflects the employment and educational successes of our recent graduates.

Our graduate success rate is again astounding. Please take time to review this report thoroughly. At the end of the report, you will see six years of statistics. After your review, you will see that we have a history of excellence when it comes to meeting the expectations of our graduates.

While the numbers are impressive, just what does this data say about our graduates and the College? I can say firsthand that at Northeast we have students who set goals for themselves and have the determination to reach those goals. We have dedicated and talented faculty and staff who advise and support classroom learning and campus interactions. Many students complete excellent internships that allow them the hands-on experience that not only enhances their skills, but may lead to a permanent job. Northeast also provides many resources to help students achieve success or overcome obstacles through personal advising, tutoring, counseling, and disability services, just to name a few.

Compiling the report and receiving updates from our graduates is a rewarding responsibility of the Career Services office. It is with great pleasure that I have the opportunity to present the 2012 Graduate Employment Report that proves that Northeast is meeting the demands of our graduates, communities, and employers.

Sincerely,
Terri Heggemeyer
Career Services Director

Directors’ Notes
At Northeast, our tagline is “We’re Northeast. Success Starts Here.” This report captures the achievements and successes of 98 percent of the 2011-2012 graduating class. It accurately reflects the employment and educational successes of our recent graduates.

Our graduate success rate is again astounding. Please take time to review this report thoroughly. At the end of the report, you will see six years of statistics. After your review, you will see that we have a history of excellence when it comes to meeting the expectations of our graduates.

While the numbers are impressive, just what does this data say about our graduates and the College? I can say firsthand that at Northeast we have students who set goals for themselves and have the determination to reach those goals. We have dedicated and talented faculty and staff who advise and support classroom learning and campus interactions. Many students complete excellent internships that allow them the hands-on experience that not only enhances their skills, but may lead to a permanent job. Northeast also provides many resources to help students achieve success or overcome obstacles through personal advising, tutoring, counseling, and disability services, just to name a few.

Compiling the report and receiving updates from our graduates is a rewarding responsibility of the Career Services office. Career Services Mission:
The mission of Career Services at Northeast Community College is to provide services and resources to help Northeast students and alumni make good career and employment decisions for the mutual benefit of students, alumni, and employers.
GATHERING DATA
Northeast graduates feel connected to the College and take pride in sharing their plans after their program of study. In fact, for the last six years, 98 percent of graduates have responded to the survey. This gives Northeast an advantage that many other institutions might not have, and that is the ability to accurately measure the success of our students as they pursue their career path. The contacts are made through personal conversations, classroom visits, telephone calls, emails, mailings, texts, and Facebook. “We work hard in making the connections with students because we truly care about their success,” says Terri Heggemeyer, Director of Career Services. “Knowing that students are succeeding in their career path ensures that as a campus we are fulfilling our mission.”

Northeast not only contributes to the workforce through our skilled graduates and training programs, our regional economic impact is substantial to the northeast region of Nebraska. In a study conducted by EMSI in 2009, it was found that Northeast contributed $173 million to the regional economy through our graduates each year. $16.9 million in labor and non-labor income is added to the region’s economy due to the operations set up by Northeast in addition to the $1.7 million in sales that comes from the students attending Northeast from outside of our 20-county service area.

Annually, the majority of Northeast graduates stay in the region. In the last six years the percentage of graduates that have obtained employment in our service area has been between 59 percent and 67 percent.
