LACY
ELECTROMECHANICAL TECHNOLOGY GRADUATE

“I chose Northeast because it was not nearly as expensive as a four-year college, and I knew I wouldn’t need a bachelor’s degree to do what I wanted. I saved a lot of money, I learned everything I needed to and I got a great job out of it.”

SETH
HEATING, VENTILATION, AND AIR CONDITIONING (HVAC) GRADUATE

“There’s a demand for people who can do a trade, can do something with their hands, and can fix something. A computer can’t do my job...When you’re fixing furnaces and air conditioners, there’s always going to be a demand for it; it’s not going away.”
YOUR FIRST STEPS.

ADVANCE TO A BACHELOR’S DEGREE

WHEN IT COMES TO YOUR DEGREE, WE BELIEVE YOU SHOULDN’T HAVE TO COMPROMISE QUALITY FOR CONVENIENCE OR COST. AT NORTHEAST, YOU CAN GET THE FULL COLLEGE EXPERIENCE AT A FRACTION OF THE COST.

**STILL IN HIGH SCHOOL? GET A TASTE OF COLLEGE EARLY.**

Get a head start on college by taking a dual credit or college credit class from Northeast while in high school. Talk to your school counselor for more information. Early College Students are twice as likely to continue with their education after graduation.
DISTINCT ADVANTAGES
THAT WILL GET YOU HIRED.

Northeast provides unique, real-world, hands-on experiences that will set you apart from your peers. Here are some examples:

- Criminal justice students are able to set up crime scenes, secure scenes, collect/process evidence, and interview mock suspects in the Law and Public Safety Training Lab (aka: The Crime House).
- Northeast STEM students take part in Vex Robotics competitions. Concepts learned in the classroom are put to the test as students develop skills in teamwork, leadership, and communications, while designing and building a robot.
- Paramedic students utilize a fully equipped teaching ambulance as well as adult and obstetrical patient simulators in a 1,945 square foot paramedic lab.
- Health, physical education and recreation (HPER) students detect small changes in body fat and lean body mass using a Bod Pod. Northeast’s Bod Pod is one of only seven in the state of Nebraska.
- HVAC, Plumbing, Electrical Construction and Control, and Building Construction students give back to the community, through work with Habitat for Humanity, while learning valuable skills in their program of study.

HANDS-ON LEARNING

Studying abroad is a beneficial experience for a college student. It is a once-in-a-lifetime opportunity to learn from diverse cultures and strengthen your resume.

Past destinations include: Canada, Central Europe, Costa Rica, Denmark, England, France, Greece, Ireland, Italy, Scotland, Spain, and Switzerland. Upcoming study opportunities will be in Ireland, Puerto Rico, and the United Kingdom.

2018-2019 AWARDS & COMPETITIONS

- Top ten Precision Ag program in the nation
- National finalist in the National Science Foundation Innovation Challenge
- 2nd in Sweepstakes at the NACTA Judging Conference
