

FRIDAYS@NORTHEAST

GET A HEAD START ON COLLEGE WHILE IN HIGH SCHOOL

The Fridays @ Northeast program is an opportunity for high school seniors to spend Fridays on our Norfolk, O'Neill, or South Sioux City campuses as college students using our lab spaces and classrooms. The courses offered allow introduction to a variety of technical programs and lead into a program of study upon high school graduation. Students are registered on a first-come, first-serve basis and classes are taught by certified instructors. Please pay special attention to the term schedule for each class. Students will be able to receive high school credit in addition to college credit per approval of their high school.

2025/2026

NORTHEAST.EDU/ADMISSIONS/EARLY-COLLEGE

AG, FOOD & NATURAL RESOURCES

PRECISION AGRICULTURE SYSTEMS

A study of methods and technology commonly used in precision agriculture. This course will focus on how precision agriculture is implemented as a management practice and the technologies available that make it possible.

AGRI 1005, 3.0 credit hours.

NORFOLK: Spring term, January 12 – May 6, 2026

Fridays, 8:30 – 11:15 am; CRN #26512

ARTS & COMMUNICATION

DIGITAL PHOTOGRAPHY

This course is designed to introduce the student to digital photography as it relates to the graphic design industry. The student will use imaging hardware (cameras, scanners, computers, etc.), and photo manipulation software; alter, combine, create and recreate custom images to graphic design industry specifications. Class projects require specific knowledge and skill-set techniques. Group class critiques will be held to develop the student's professional level photography skills, visual aesthetic, and industry vocabulary.

GCAD 1700, 3.00 credit hours.

NORFOLK: Spring term, January 12 – May 6, 2026

Fridays, 9:00 am – 12:00 pm CRN #26602

HEALTH SCIENCES

MEDICATION AIDE

This course is designed to prepare the student to assume the role and responsibilities of a Medication Aide working in a nursing facility. This course includes information regarding medication administration, pharmacology rules and regulations, classification of drugs, orders, storage, abbreviations, and an overview of commonly used drugs and documentation.

HLTH 1120, 3.0 credit hours.

*Attendance at all class sessions is required per State of Nebraska course regulations.

NORFOLK: Spring term, January 12 – May 6, 2026

Fridays, 8:00 – 11:00 am; CRN #26509

O'NEILL: Spring term, January 12 – May 6, 2026

Fridays, 8:00 – 11:00 am; CRN #26506

NURSE AIDE

This course is designed to meet the Nebraska Health and Human Services System training requirement for nurse aide certification and employment in long-term care facilities. The course combines classroom lecture and laboratory applications for the development of basic skills needed to provide safe, effective and caring services to the elderly or chronically ill patient of any age in a long-term care facility. Upon completion of this course, the student is eligible to take the state written and practical skills exam. After successfully passing this examination and completing the application procedure, the student's name will be placed on the basic nurse aide registry at the Nebraska Health and Human Services Regulation and Licensure, Credentialing Division.

NURA 1110, 3.0 credit hours.

*Attendance at all class sessions is required per State of Nebraska course regulations.
